

Picvalue Corp.

Company Profile

About Picvalue

Xiamen Picvalue Corp. was established in 2005, We have decades of export experience and rich experience in product production.

We are one of the leading, professional manufacturers and suppliers of lunch bags, cooler bags, food delivery bags in Xiamen, Fujian.

Our factory locates in Xiamen China, about 40 minutes from Xiamen International Airport by car.

We have about 300 technicians and workers to produce the bag for foreign customers' orders.

We duly have 200 new items for customers' selection every year.

We provide OEM and ODM services.

Our products are mostly exported to Europe, the United States, Australia, and Southeast Asia.

Before the COVID-19 pandemic, We show our samples at Canton Fair, and Hong Kong Fair twice every year. Your inquiry on our products and visit to our stand during the Fairs will be warmly welcome.

We have appreciated the support from all the customers and we are here working hard to give all customers with the best service.

Advantage

Strict quality control : We maintain a strict quality control system with engineers responsible for ensuring total customer satisfaction. Accordingly, our products have earned us a good reputation for high quality, exquisite craftsmanship, and durability. We can export all of our products and our annual sales reach up to eight million USD.

International Standard Certificate : Our factory has passed BSCI, Sedex AUDIT, and Walmart Audit.

Our goods have also passed EN71, Reach, CA65, and FDA standards.
Price advantage : While ensuring product quality, we will conduct research on market prices and locate prices at prices that are easier for customers to accept. High-cost performance.

Diversified product styles : We have several products with our design patents, and we also accept customized services from customers. Provide "OEM&ODM".

professional service : Customers can communicate with us if they have special requirements, Follow up on the order production process in time, and our corp will master the knowledge and skills of customs clearance.

Provide after-sales service : "Communication, Timeliness and Effectiveness" are our company's after-sales guidelines. Our company has a professional after-sales team to escort the quality of the products sold.
